Aswin Sarang is an Indian visionary serial entrepreneur and thought leader based in Dubai, UAE. His entrepreneurial journey is marked by the establishment of Dubai's first robotics company, Reliable Robotics, highlighting his passion for technology and innovation.

As a published author and member of the Forbes Tech Council, Sarang brings together a rare combination of technical expertise and insights. Aswin leverages his multifaceted expertise as an Advisory Board Member to drive innovation and strategic growth across pioneering companies in space technology, sports applications, and natural health solutions. Aswin is also a certified NLP Master Practitioner, Theta Healing, Sound & Vibrational Therapy, and Hypnotherapy Practitioner, enriching his advisory roles with a profound understanding of transformative healing and personal development techniques.

Aswin Sarang complements his diverse professional expertise by publishing guided meditations, offering a holistic approach to wellness and self-improvement on his platforms. Aswin Sarang's versatile endeavors have garnered him recognition from over 200+ international news media outlets, highlighting his multifaceted impact across various industries and disciplines.

Outside his professional pursuits, Aswin is an adrenaline enthusiast, drone pilot, and handpan musician. These hobbies reflect a balanced life, a zest for exploration, and a creative spirit that complements his technical expertise and leadership abilities.
